Education

University of Massachusetts Amherst

Amherst, Massachusetts

PHD STUDENT, WILDLIFE, FISH, & CONSERVATION BIOLOGY

2022-Present

- Environmental Conservation Department
- Advisor: Dr. Nathan Senner

University of South Carolina

Columbia, South Carolina

PHD STUDENT

2020-2022

- Advisor: Dr. Nathan Senner (Lab transferred institutions in Fall 2022)

Bowdoin College

Brunswick, Maine

B.A., ENVIRONMENTAL STUDIES AND VISUAL ARTS

2007-2011

Work Experience

Western Hemisphere Shorebird Reserve Network (WHSRN), Shorebird Recovery Program, Manomet, Inc.

Brunswick, Maine

COMMUNICATIONS SPECIALIST AND PROGRAM ASSOCIATE

2017-2020

- Designed and managed WHSRN website, newsletter, and site partner outreach and support in English and Spanish; assisted Shorebird Habitat Management Division with workshops, outreach, and publications.

Six River Farm

Bowdoinham, Maine

FIELD CREW, GREENHOUSE MANAGER, FARMERS' MARKET MANAGER

2010-2016

- Core team member on 30-acre diversified organic vegetable farm. Managed seedling propagation, three weekly farmers' markets, and helped lead a team of 10-12 crew members to efficiently complete essential tasks of planting, weeding, harvesting, and preparing produce for market.

Research Experience

University of Massachusetts Amherst

Fieldwork: coastal South Carolina

PHD RESEARCH

2020-Present

- Studying the role nocturnal roosts play in the stopover ecology and migratory performance of Atlantic Flyway Whimbrel (*Numenius phaeopus*). Conducting nocturnal ground counts, trapping and banding birds, deploying PinPoint GPS transmitters, coordinating fieldwork logistics, leading study design, managing survey and tracking data, analyzing and mapping movement tracks, building movement models and conducting statistical analyses to understand stopover ecology, behavior, and habitat selection.

South Carolina Department of Natural Resources

Remote

SHOREBIRD TECHNICIAN

April-July 2020

- Analyzed Whimbrel count data and deployed first GPS PinPoint tag on a southbound Whimbrel as pilot study for graduate research project. Designed and coded figures in R, began manuscript about largest known Whimbrel nocturnal roost in Western Hemisphere. Assisted Felicia Sanders (SCDNR) and Dr. Adam Smith (USFWS) with post-processing of Ruddy Turnstone nanotag data, literature review, and drafting manuscript for publication.

Manomet, Inc.

Plymouth, Massachusetts

CO-LEAD BANDER AND EDUCATION COORDINATOR

March-June 2017

- Monitored 50 mist nets 5 days a week with 3 other banders; extracted, banded, aged and sexed passerines and near-passerines. Coordinated education and outreach programming. Taught hands-on demonstrations about bird-banding and bird migration for school groups.

Thunder Cape Bird Observatory

Thunder Bay, Ontario, Canada

MIGRATION MONITORING ASSISTANT

September-October 2016

- Operated mist-nets, hawk nets, ground traps, and Heligoland traps. Extracted, banded, and measured biometrics, including nighttime protocol to band Northern Saw-Whet Owls.

Grants, Fellowships, and Recognitions

TOTAL FUNDING RAISED: \$336,764

Dissertation Fieldwork Grant

UNIVERSITY OF MASSACHUSETTS AMHERST GRADUATE SCHOOL (\$4,950)

December 2022

Best Student Oral Presentation Award

ASSOCIATION OF FIELD ORNITHOLOGISTS

October 2022

Travel Award to attend 2022 Annual Meeting in San Juan, Puerto Rico

AMERICAN ORNITHOLOGICAL SOCIETY (\$500)

July 2022

Hesse Research Award

AMERICAN ORNITHOLOGICAL SOCIETY (\$2,420, PI)

May 2022

Atlantic Flyway Shorebird Initiative Grant

NATIONAL FISH AND WILDLIFE FOUNDATION (\$90,000, Co-PI)

March 2022

E. Alexander Bergstrom Memorial Research Award

ASSOCIATION OF FIELD ORNITHOLOGISTS (\$1,476, PI)

March 2021

Bill Terrell Graduate Research Grant

GEORGIA ORNITHOLOGICAL SOCIETY (\$7,500, PI)

January 2021

Graduate Research Fellowship

NATIONAL SCIENCE FOUNDATION (\$138,000)

March 2020

Atlantic Flyway Shorebird Initiative Grant

NATIONAL FISH AND WILDLIFE FOUNDATION (\$84,418 Co-PI)

March 2020

Research Grant

CAROLINA BIRD CLUB (\$7,500, PI)

January 2020

Lydia Bell Award for Initiative in Public Service

BOWDOIN COLLEGE

May 2011

Community Service Award in Environmental Studies

BOWDOIN COLLEGE

May 2011

Teaching and Outreach

Introduction to Quantitative Ecology

TEACHING ASSISTANT

- Instructor: Meg Graham MacLean

UMass Amherst

Fall 2022

Landscape Ecology

TEACHING ASSISTANT

- Instructor: Meg Graham MacLean

UMass Amherst

Fall 2022

Skype-a-Scientist

VOLUNTEER SCIENTIST

- Regular volunteer scientist participant; virtually connect with classrooms to answer student questions about ecology, bird migration, field biology research, and conservation. Lesson planning and content adapted for different age groups from kindergarten to middle school.

2021–Present

Bird Banding Lab

LEAD EDUCATOR

- Coordinated weekly education and outreach programming for local school groups, from elementary to college age students. Led bird banding demonstrations and lessons on bird migration, long-term data collection, and the impacts of climate change on songbird populations.

Manomet, Inc.

Spring 2017

Service and Mentoring

Student Affairs Committee

AMERICAN ORNITHOLOGICAL SOCIETY

- Member of Webinar Series Subcommittee. Plan virtual panel discussions, webinars, and social events to create community and offer professional development opportunities for students in ornithology.

2020–Present

Graduate Fellowship Peer Mentor

UNIVERSITY OF SOUTH CAROLINA

- Advise graduate students applying for the NSF GRFP. Provide general application guidance and detailed written feedback on research plans and personal statements.

2021–2022
